MEMORANDUM FOR: Mr.

The talk which is to be given to the Senior Seminar on 18 November is, I believe, one of the most important we've had to prepare for some time. I believe that we should probably have at least an outline ready to look at by the 5th of November. We should also take into account  time with them earlier on and what Harry Fisher plans for his 17 November appearance. Please find out what happened at the 2 November "Youth Session". It might have produced points which the Support presentation ought to cover.

In developing the Support business for our formal session I wonder if it might not be a good idea to get some tips from  and also to maybe get some ideas from Support people who were in the course currently as to good subjects to cover. We should also plan to tap Harry Fisher after his appearance so that we might make any necessary adjustments at the last minute in the Support session.

I'd appreciate it if you could take a crack at this outline and perhaps maybe we could have a few words along about the 5th or following the weekend.
